Dear Mrs. Eckert,

Thanks for the
print of M.M. I haven't even anxiously
quite up to it. Can't you get hold
of her Indian name? You'd think
it would be known still.

You rather let go on Spanish. I've
thought he was too easily satisfied
with with himself or words, a little
sketchical. Goes a little from field to
field, takes the mind of those who
could write at least more interested
ly.

It's pleasant that Paul could
get along with my book. It's not
everybody's.

I haven't pursued this sketch yet,
too taken up - perhaps down
is the word, success about?

Have looked up conquest some.

The - gas was on my mind.
