

of *repensum* as a wet latel, & I did so.
That was before I had a Virginia vocab, but
now I find (old Va.) *repensum*, dust.

In the vocabs I has looked up the punk
form for sand is only for fine sand; it
belongs really to fine stuff that blows about
easily, dust, powder, ashes; the p- seems
to mean little, small: a rather common
use in diminutives. Because we have
so many important nouns & nouns-
derivatives that are not I still lean
that way, but am ready to budge if
you stir.

Re. Mohegan, Beauchamp says one of the
forms of *makegon* is *mahakinethic*,
Now *Kenethic* is Connecticut, &
The full form is *Quonenegh* —, which
implies some sort of crane,
or Swift, & you get just that in
