

Nov 21/34

Dear Mrs. Ekstrom,

I enclose Shay's contribu-  
tion. Am inclined to remark Oh, H—!  
I may try Anallakeunk on him, when I get my  
wind.

Am mean enough to enclose a copy of  
my Nijwamkeag card, as far as I've got. You  
see how those ~~words~~<sup>words</sup> go, & the sand words.  
But I won't myself tackle your Perots, names  
by vocabulary, if I guessed it would be that  
there is a shoal at Nij.

Thanks about the Aubrey matter. I haven't  
much spirit to get at it, at the moment,  
a niece, living near Portland, was in the Socy's  
for awhile & would have some approach,  
wants me to visit them, has her husband & 2 boys.  
The Shay debacle is discouraging, when I saw  
the letter this morning I expected some-  
thing worth while. His name seems to be  
our Nolesemic, or looks like it.

Very faithfully yours

H. B. Cabot
