

Holbrook

Pine Point August 24th 1820.

Sir A few years since I was requested to take a Justice commission, but on ~~account~~ account of my other business declined. If your Honor together with the Council should think me a suitable person, I should like now to obtain one —

Through all the trouble for office under the new Government I have remained quietly at home & have sought for no office — I now solicit a small one, but if you should think it inexpedient, I shall readily acquiesce in your opinions

your very humble servant

Sam^l. Holbrook

Hon. W^m. King Gov. —
