

1295.

all the patients - calculate 25 pce each
patient and check his or her name.
~~But~~ At the quarterly visits of course we
spend time and go over the books and
accounts, generally takes 3 days, and I
guess in one instance it has been 4 days.

Q. During each visit you have made
it a point 25 pce each and
every patient? A. Not in every instance,
because I haven't made the regular
visits quarterly; some one else has
been through the halls, appointed by the
president, while the other members are on
other business.

Q. Have you taken pains to inform
yourself as to the character of the
attendants and their treatment of the
patients during these visits at these various
times? A. I have endeavored to
inform myself as thoroughly as I could
in regard to that matter.

Q. Have you conversed with patients
about it and been open to any
complaint they had to make?

A. I have declined to a great many.

Q. And when any thing was worth
