

on The point up there at the foot of
muscongus Bay in Nottabow it was
written -kias, this on the 1794 map.
Whitj is faded & it may be -kias;
& we get Kamekias, on The Court
river here, Kankias - in E. Mass.,
& lots of -kias, these mostly in
#E

fishy place words, sometimes it is
-kias, a pretty good identity in N.S.
& a perfect one in Va. but capable of
non fishy meanings: the Swede tried at
it for something else. The clearing
around has cleared, or nearly, some
names here I had been guessing on.
