Dear Mrs. E. Culbert,

About Annabesticook
I don't know, W. Litzgow has
anthesis, school notes, I picked well
over the lake area + it was school
when I wrote, but we were after
hours in the shallow meeting places.
Then an old Oldtown resident said
annabesticook probably meant Sturgeon.
It might be, then must have been a
lot of Sturgeon varieties.

For good Aubrey support for
my notion of Agameticus.

Sincerely

W. Litzgow
