Dear Mrs Eckstrom

Although I have not heard from Prof Ganong I have written him and expect the pleasure and profit of his reply.

In Purchas' Pilgrimes he states that voyagers subsequent to Perry and Gosnell found therein [N.E.] nine Rivers.

- Quebequason (Bayou de K.?)  
[?Quembeker-sson?]  
x Ternaquid (Ternaucotta?)  
Kamassoc = Narravine, (Orland?)  
Apanawapette = Pommet (8 grapes)  
Apanmensek - [?Agaumtek?]  
Aponeg (Aponieg, the Am. Inlet, Kiamet?)  
x Sagadahoc  
Ashamahaga Presumpt  
x Shawkotoe

Those checked are clear. The rest respectfully referred.

Yours truly  
W. S. Murray
