

to expose a meaning. You get spirit forms
among them, for persons with super powers;
the murt + other manitu forms come in,

I had what is probably my last
walk hereabouts when I was born &
hunted & fished, two miles with 1000 ft. of
sleepers in it, about all in woods, a lonely
saddle pond about halfway, started 3 single
partridges. If here next year my legs will
be too short for the walk.

Sincerely,

W. Cabot.
