

I always kept right at my work.  
 Q. Other men used to have fun  
 with each other and you kept right  
 on about your work, and that was  
 so all the four years you were  
 there I suppose? A. Yes, as far as  
 I remember. I never saw Peter fun.  
 I have seen the other men fooling  
 with him. Don't remember that I  
 ever saw Peter laugh during the  
 entire time I was there. I observed  
 him pretty closely when I was there.  
 Never saw any body but Sanson  
 throw coal at Peter. Peter would then  
 run off. Don't remember what Sanson said  
 at the time. Sanson was doing nothing  
 at the time he did this act.  
 Peter was sitting down. I was near  
 by at the time, in the fire room.  
 I was attending to my work all this time.  
 Don't remember the exact number of  
 times I saw him throw ~~at~~ coal  
 at Peter, might have been 3 times.  
 It hit Peter in the back. I  
 think Sanson is a cruel man. He  
 did not abuse me in any way.
