

? don't know Cans - for beign, but if P.
says so it must be. Cambolasse was
done for me by Silvia & Francis; ? thinks
you know their meaning. Seems a chance
for K-ombs, possibly a wet land canoe.
Tan. ? will see what P. is up to.

That was - for letters, no two middle,
is pretty well everywhere with us -
Nashua, Washoba, Nasambat, Ashuelot.

Sincerely
W.F.C.
