

There was said to be  
an Indian carry (prob-  
ably your southernmost  
one) from the Head  
of the Bay, where  
Cul's Head juts out  
from the mainland,  
across the Kossawesteg  
to Treasure Point  
on the Georges, half  
way to Port Clyde.  
He is interested to  
make some inquiries.
