

Miscaput January 10 the 1712

Dear Sir

In regard to the Judge there will be no danger  
 I have seen all my funds and they will be on  
 the look out for him Judge Weston & Ames were  
 here and stopt all night with me and they  
 are prepared to go against any thing he might  
 wish to do. he has got his bondsmen his brother  
 and McCrete the bonds are twenty thousand I  
 think two for all but they say they can be  
 enlarged if it should be needfull I think the  
 Governour ought in some way to be made  
 to no better than to spoynt such men  
 If not get some one else. we have nothing  
 new here ~~myself~~ and Mr wood ~~will~~ let  
 ought for better some time the last of the  
 month but if there was any thing  
 that you wished that we should be there  
 sooner write and we will come  
 How Williams King I am yr obed
